

Name _____

E-mail _____

Local Address _____

I. Briefly describe why you are interested in participating in this program and how that relates to your plans for the future. You may attach this as a separate document if you wish.

II. List your coursework, along with grades, for all science and math courses you have completed or are currently enrolled in.

III. After reading the project descriptions on the website, circle the areas that may interest you. You may want to contact individual faculty members if you would like to know more.

Organic synthesis

Computational chemistry

Molecular biology

Kinetics

Protein purification

Quantum dots

Surface chemistry

Sensor technology

Immunohistochemistry

Parasite biology

HP liquid chromatography

Metabolic pathways

III. Please attach a current resume
